Sen. Leticia Van de Putte

-From Sen. Zaffirini

I just posted this on my public page, Judith Zaffirini, Texas State Senator: FORMER SENATOR LETICIA VAN DE PUTTE IS RECUPERATING REMARKABLY with excellent care at University Hospital in San Antonio. It was wonderful to visit my dear friend and to see her faith in action, strengthened by her resilience, determination, and strength. Her injuries from being struck by a vehicle in Orlando are extensive, but her spirit, hope, and optimism are stronger. I'm confident that, given this "second chance," her future good works will be increasingly meaningful and memorable.
